Gaurav Soni

Web Developer

Sunsari, Nepal | 9746887763 | gauravsoni7763@gmail.com | Linkedin | GitHub

WORK EXPERIENCE

Self-taught Web Developer

- I'm proficient with React.js, Next.js, Redux, with an in-depth understanding of state management, component lifecycle, optimization techniques, server-side rendering, and static side generation.
- Proficient in using SASS, Tailwind CSS, Shadcn-UI to create visually stunning and consistent designs.
- Experienced with Node.js and Express.js. This skill gave me the ability to communicate very well with backend teams and helped me develop a deeper understanding of how the whole web development process goes.
- Familiarity with Docker, GitHub, and Git helps me smoothen development workflows and collaborate seamlessly.

PROJECTS

Video Calling Application - Live | Source Code   May 2024 - June 2024

Zoom Clone - Full-Stack

Technologies Used: Next.js, Clerk, getstream, shadcn, Tailwind CSS, TypeScript, etc.

- Implemented secure authentication and authorization features using Clerk for social sign-on and traditional email/password methods.
- Developed meeting controls for participants, including recording, screen sharing, and participant management.
- Created features for scheduling future meetings, accessing past meetings, and viewing recorded meetings.
- Designed a personal room for users with a unique meeting link for instant meetings.
- Enabled users to join meetings via link and ensured secure real-time functionality for all interactions.
- Ensured a responsive design for optimal user experience across devices and screen sizes.

Blog Application- Live | Source Code | Server Code   Apr 2024 - May 2024

MERN Blog - Full-Stack

Technologies Used: React.js, Express.js, Tailwind CSS, TypeScript, Multer, etc.

- Developed full-stack CRUD functionality that creates news blogs, including thumbnails, categories, and their description.

SKILLS

Programming: HTML | CSS | JavaScript | Node.js | TypeScript.
